- Supplied with 3.5mm to 6.35mm stereo (1/4") jack adapter

Description:

The bhi HP-1 stereo headphones are suitable for general purpose use and can be used for radio communications as well as listening to music.

They are very comfortable to wear due to the lightweight design, adjustable headband and the soft leatherette padded earcups. This helps to eliminate the uncomfortable pressure feeling that can be created by closed over-ear type headphones, allowing you to listen for longer.

The cable is 1.9 m long terminated with an integral 3.5mm stereo jack plug. The **HP-1** headphones are supplied with a 1/4" stereo or 3.5mm stereo adapter.

Note: Avoid wearing headphones when driving, cycling or any activity that requires quick reactions or when your hearing mustn't be impaired. Do not wear your headphones for extended periods of time at high volumes as this may damage your hearing.
